

IF IT WEREN'T FOR THE PORT...

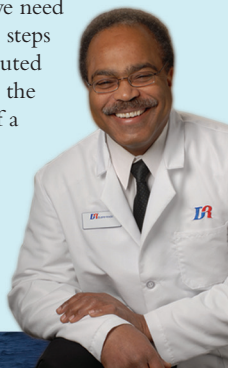

WE MIGHT NOT HAVE  
THE PRODUCTS OUR CUSTOMERS  
WANT AND NEED ON TIME.

*The port of New York and New Jersey is vital to our region's health.*

"Sometimes we take it for granted that the life-saving medication we need will always be there. But as a pharmacist, I know there are many steps involved in getting prescription pharmaceutical products distributed around the world. At Duane Reade, we are committed to having the products our customers want and need. We recognize the value of a safe and efficient distribution system. Our warehouse distribution system gives us the ability to provide rapid delivery to our stores. With the Port of New York and New Jersey as a partner, the products we need are on the shelf, on time."
